

PRE-CONFERENCE: SUBSTATION COURSES

REGISTRATION

LOCATION: San Antonio, Texas: Henry B. Gonzales Convention Center: 200 E. Market Street

HOST: Utility Products Conference & Expo, with the DistribuTECH Conference & Expo

SPACE: Space is limited to 20 students. Register Early!

STUDENT(S) NAME(S)	
#	COURSE SELECTION
	Qualifying Employees to Work Near High Voltage Substation Equipment
	<p>DATE / TIME: January 23, 2012: 8:30 am to 12:00 pm</p> <p>DESIGNED FOR: managers, engineers, electrical workers who are new to the substation environment, and non-electrical workers who must work around substations.</p> <ul style="list-style-type: none"> • Understanding the Limits of Approach to High Voltage Equipment • Determining Voltages and Identifying Conducting or Energized Parts of Equipment • Measuring Distances from High Voltage Conductors and Equipment
	\$150
	High Voltage Substation Grounding and Bonding
	<p>DATE / TIME: January 23, 2012: 1:00 am to 4:00 pm</p> <p>DESIGNED FOR: managers and supervisors who need to understand what to look for during a site inspection. ALSO DESIGNED FOR: lineman and substation/powerplant electricians (novice to journeymen) who work in a substation work zone and substation vehicles.</p> <ul style="list-style-type: none"> • Grounding and Bonding Overview: identity & control • Safety Regulations that apply to Grounding and Bonding • Appropriate Worker Protection Permits • Appropriate Testing Methods • Grounding and Bonding Procedures to avoid the hazards of energization • Appropriate Ground Leads and Clamps • Causes of differing Voltage Potential in work zones • Hazards of current on the human body
	\$150
	Save \$50! Sign up for Both Courses
	<p>DATE / TIME: January 23, 2012: 8:30 am to 4:00 pm</p> <ul style="list-style-type: none"> • Qualifying Employees to Work Near High Voltage Substation Equipment (see description above) • High Voltage Substation Grounding and Bonding (see description above)
	\$250
TOTAL	

COURSE MATERIALS: The cost of course materials is included in the course fee.

CANCELLATION POLICY: Cancellations received up until 1 day prior to the course date are eligible for a full refund.

CERTIFICATION: Students must successfully achieve 70% or more to acquire certification.
